INVITATION

The Organizing Committee extends cordial invitation on behalf of U.P. Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go Anusandhan Sansthan (DUVASU), Mathura and Executive Committee of National Academy of Dairy Science (India) for participation in the 6th Convocation of NADS(I) and National symposium on "Brucellosis" to be held on 16th September, 2019 in U.P. Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go Anusandhan Sansthan (DUVASU), Mathura, U.P., India.

DUVASU, MATHURA – THE HOST INSTITUTION

U. P. Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go Anusandhan Sansthan (DUVASU), Mathura was established on Oct. 25, 2001 and is situated approximately 5 km from Mathura railway station. College of Veterinary Science & Animal Husbandry and College of Biotechnology are the two functional colleges of the University. In addition, University also took the initiative of starting two-diploma programmes of two-years duration each in the Institute of Para-Veterinary Sciences. Very soon, University is likely to start College of Dairy Science & Technology and College of Fisheries.

College of Veterinary Science and Animal Husbandry, Mathura, one of the premier Veterinary Colleges in the country, was established in 1947. It was the first Veterinary College in the country to start MVSc degree programmes in 1951. PhD degree programme was started in this College in 1953.

ABOUT NADS (INDIA)

National Academy of Dairy Science (India) was established on 26th of May 2010 with its headquarter at ICAR-National Dairy Research Institute, Karnal. Mission of the Academy is 'to achieve recognition as a credible think-tank providing views on the policy issues relating to promotion of Scientific and Technological talents who inter-alia would be powerful instrument in fostering knowledge-based vibrant Dairy Industry vis-a-vis the growth of national economy'. Academy also aims at encouraging and promoting the pursuit of excellence in the field of Dairy Science and also to act as a body to promote the work of eminent scientists and technologists at national and international forums, knowledge sourcing and dissipating bodies, institutions, Universities. Presently, the Academy is a family of 137 members comprising 114 distinguished Fellows and 23 Associate Fellows. Since inception, the Academy has organized number of Seminars, Symposia and Brain-Storming sessions and has made an impressive mark in Dairy Science fraternity. In order to further expand the activities of the Academy and make it more vibrant, the Academy has recently started two regional chapters of the Academy, one in the eastern region (BHU, Varanasi) and the other in the southern region (NDRI, SRS, Bengaluru) of the country.

MATHURA – THE HOST CITY

Mathura, the birth place of Lord Krishna, is one of the most ancient places of India and is situated on the right bank of river Yamuna. Apart from various famous temples in and around Mathura, Government museum is worth seeing for its

renowned art treasures of Kushana and Gupta periods i.e. from 1st century A.D. Statue of Buddha, seated cross legged in attitude of protection, is one of the most prestigious and famous sculptures. Visit to Mathura leaves subtle and celestial effect over minds and heart of people. In addition, Agra, Fatehpur Sikari and Bharatpur Bird sanctuary are other places of tourist interest. Mathura is well connected by road, railways and air. Nearest airport is Delhi which is 165 Km from Mathura. Agra is situated at a distance of approximately 50 km South East of the city.

WEATHER, ACCOMMODATION AND TRANSPORTATION

Climate of Mathura during month of September will be some-what hot and humid. University has very limited guest-house accommodation and will be provided to delegates on first-come first-have basis in University campus. Comparatively, Mathura is a small city but has very good hotels and the tariffs will range from Rs. 1000 to 5000/ depending on the facilities available and most of the hotels can be booked on-line by the delegates directly. However, if required, we will book/arrange hotel accommodation for the delegates on their prior request and advance payment basis only. Delegates are requested to convey details of their travel plan and also accompanying persons, if any, in advance. Lodging charges will have to be borne by the participants. Local transport from place of stay to venue of programme will be provided by the Organizing Committee.

SYMPOSIUM ON BRUCELLOSIS

Brucellosis, an important zoonotic disease, even today remains major public health problem in many developing countries including India. The disease is endemic in bovine population in India and is responsible for huge economic losses to farmers and livestock industry. Public awareness through health education programmes and safe livestock practices require active participation of veterinary and medical specialists. The symposium on "Brucellosis" is envisioned to have an interface between experienced scientists and academicians for early and effective diagnosis, control, prevention, and eradication of this dreadful disease from India. In addition, one oral session and one poster session, exclusively on Brucellosis, have also been planned for the benefit of youngsters. We hope the recommendations emerging from deliberations will help us in evolving innovative strategies for prevention and control of this disease.

CALL FOR PAPER/ABSTRACTS

Original abstracts, for poster and oral presentation, exclusively related to "Brucellosis" are invited from youngsters. Abstracts be mailed to the Organizing Secretary at nadsconvocationduvasu@gmail.com. The abstract must contain title, name (s) of author (s); affiliation, addresses, and e-mail.

The abstracts should give brief introduction, experimental planning, results, discussion and conclusion. Abstracts and invited papers should be typed in MS- Word, Times New Roman, Font Size - 12, not exceeding 250 words. **The deadline for submission of abstracts is on or before 5th September, 2019.**
