Mathura-281001 (Uttar Pradesh), India

Dear Friends and Colleagues

On behalf of the organizing committee of ISVPTCON-2024, it is indeed a great pleasure to invite you all to the 24th Annual Conference of Indian Society of Veterinary Pharmacology and Toxicology (ISVPT), India scheduled at U.P. Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go Anusandhan Sansthan, Mathura-281001 (Uttar Pradesh). This Annual Conference will attempt to provide a scientific and academic feast of latest developments in the field of translational research for drug discovery and development to explore bio-prospecting and repurposing of existing therapeutics to curb the ever-developing menace of drug resistance. In addition, the conference will also provide a platform to our young budding researchers, academicians and fellow scientists to interact and exchange views, and help to improve the understanding of therapeutics in current scenario. At the same time this conference will also create opportunities for connecting with leaders in the field of pharmacological and toxicological research across India. Very relevant are the recent advances, developments and increasing influences on deteriorating environmental health, ISVPTCON-2024 shall prove to be a superb opportunity to experience first-hand methodologies to challenge environmental safety through bioremediation. Mathura, the holy place of India, is of great historical significance as an important religious and cultural hub. The city is well connected with the neighboring cities and other major cities of India through all modes, airways, railways and roadways. The temperature in Mathura during November is most comfortable and favorable. We look forward to your presence along with your family and colleagues, seeking active participation in large numbers for a scintillating experience, which is sure to leave you with numerous fond memories.

The special attraction of this National Conference is “National Veterinary Pharmacology and Toxicology (NVPT) Quiz” for undergraduate students of Veterinary Profession.

DUVASU-The Host University

U.P. Pandit Deen Dayal Upadhyaya Pashu Chikitsa Vigyan Vishwavidyalaya Evam Go-Anusandhan Sansthan, Mathura first of its kind in the State and fourth in the Country, was established vide Act No. 27 of 2001 on 25.10.2001 by Govt. of Uttar Pradesh with the erstwhile U.P. Veterinary College, Mathura as its main constituent College. University is having 782.34 acres prime land in Mathura which includes all the buildings of Veterinary College, College of Dairy Science, College of Fisheries Science, College of Biotechnology, Institute of Para-veterinary

Science, residential complex, hostels, Dairy Farm, Poultry Farm and agriculture land and another agriculture farm of around 1400 acres at Madhurikund, about 25 km from the main campus.

University is the Premier Veterinary and Animal Science Institution and is known for its quality, education and research on various aspects of animal health and production including disease diagnosis providing advisory and extension services through scientific knowledge and expertise. Undertaking need based applied and basic research in strategic and emerging areas bringing livestock owners, poor and marginal farmers and empowering rural women to become " Knowledgeable Livestock Stakeholder" giving them economic identity. University is collaborating with State Agriculture and Animal Husbandry functionaries, Indian Council of Agricultural Research, Institutes related to Animal Health and Production, Livestock Industry and NGO's in an attempt to develop resurgent, sustainable profit-oriented, market based production system for livestock, poultry, fishery, allied sectors and ensures enhanced production from rural and urban livestock through effective diseases surveillance and diagnosis, health care, vaccination and production programs.

Department of Veterinary Pharmacology and Toxicology

Department of Materia Medica earlier, later Pharmacology and now Pharmacology and Toxicology was established as an independent Department in 1949. It was the first department in the country to start postgraduate degree programme (MVSc) in 1962 and later PhD in 1970. The host Department is well recognized for its scientific contribution towards bio-prospecting of indigenous biomolecules as well as repurposing of existing pharmacophores. Till date, more than 122 students have completed their MVSc degrees and 18 have awarded Doctorate from this Department. Department is actively involved in organizing conferences/seminars/training-cum-workshop since its inception. Faculties and students of the department have the credential to achieve prestigious awards from ICAR, DBT, CSIR and different National Academies and Societies.

Mathura City

Mathura city in Uttar Pradesh also known as Birthplace of Lord Krishna is nucleus of BrajBhoomi. It is located at a distance of 145 km to south-east of Delhi and almost 58 km to north-west of Agra on the bank of the river Yamuna, about 14.5 km from the town of Vrindavan and 22 km from Govardhan. In ancient times, Mathura was an economic hub, located at the junction of important caravan routes. Mathura is one of the few chosen places considered to be a heritage city in India. While this city has many legends and stories to tell, there is also a lot to explore here. Besides the temples and religious sites, the natural surroundings of Mathura with thick wooded areas and lush greenery are also an attractive feature of the town.

Mathura District is spread over an area of almost 3,800 sq km and is famous as one of the seven holy places in India. Mathura's famous Brajbhoomi is divided into two distinct units. Mathura has several attractions including Sri Krishna Janmabhoomi Temple Complex, Ghats, Gita Mandir, Vishram Ghat, Govardhan Hill, Government Museum, Dwarkadheesh Temple, Raja Bharatpur's Palace, Keshavdeo Temple, Janamsthan etc. One being at eastern part of Yamuna, with places such as Gokul, Mahavan, Baldeo while western side of Yamuna covers entire Mathura region that comprises of Vrindavan, Govardhan, Kusum Sarovar, Barsana and Nandgaon.
